REFUSE & RECYCLING BODY COMPANY

## CURB SORTER® SERIES

# VERSAHAUL®

The **KANN Curb Sorter® Series** is a line of curb collection recycling vehicles. This series can manually be loaded from curb side, street side, or both simultaneously.

The **KANN VERSAHAUL®** is the entry level recycling body in the Curb Sorter® Series. The **VERSAHAUL®** is specifically designed to work hand in hand with today's material recovery facility and is attractive in both durability and price.

The **VERSAHAUL®** is available in lengths from 9-24 FT. Bodies are constructed from aluminum or steel and can be truck or trailer mounted. Open top, tarp top, elevated hard top, raised flat top, or plastics cage options are available. The **VERSAHAUL®** can be configured to incorporate Side Dump plastics and cardboard compactors.

plastics cage options are available. The **VERSAHAUL®** can be configured to incorporate Side Dump plastics and cardboard compactors.

### FEATURES

#### BODY

- 9-24 FT body lengths
- Variable 8 IN-5 FT compartment sizes; 1-12 compartments
- Loading height 24 IN above frame height
